SENATOR CLARK TESTIFIES.

Makes a Statement Concerning Tax on His Arizona Property.

Washington, Jan. 20.—Senator W. A. Clark of Montana appeared before the house committee on territories during the day and made a statement concerning the tax assessment on the United Verde copper mine at Jerome, Arizona, which has been mentioned frequently in the joint statehood hearings as one of the great mining properties alleged to be escaping just taxation under the present territorial organization.

Representative Hamilton, chairman of the committee, said there was no desire on the part of the committee to question a United States senator, but Representative Moon of Tennessee interjected: "I'd just as soon question a United States senator as anybody else if he knows anything I want to know." He then asked Senator Clark to make a statement.

Senator Clark explained that he is the chief owner of the mine in question and said he had always paid the full tax levied except one time when the tax was contested because it was thought to be unjust. He thought his company is paying taxes on about \$1,200,000 assessed against the improvements and personal property. This represents an assessment, he said, larger than similar properties pay in Montana or any other state in which he pays taxes.

Senator Clark refuted statements that the mine is worth more than \$100,000,000.

Pittsburg Landmark Burned.

Pittsburg, Jan. 20.—A fire with a monetary loss of about \$150,000 completely destroyed the old market house, one of Pittsburg's most famous landmarks. The building was erected in 1852. Its contents, together with the damage to several small business houses adjoining, will run the loss to \$150,000, fully covered by insurance.

For the First Time in Years.

Buffalo, N. Y., Jan. 20.—For the first time in the month of January for twenty-five years clearance papers were issued during the day to a vessel bound for a port west of here. The steel steamer John H. Stanton will leave in the morning for Cleveland, light and uninsured.

ANSWER TO CASTRO

FRANCE PROPOSES TO MAKE A NAVAL DEMONSTRATION IN VENEZUELAN WATERS.

SITUATION RATHER DELICATE

PRESIDENT OF VENEZUELA APPEARS TO BE INCENSED AT AMERICAN MINISTER.

Washington, Jan. 20.—Three French warships are now off the Venezuelan coast, prepared to deliver the answer of France to President Castro's treatment of M. Taigny, the French representative at Caracas, by a naval demonstration in Venezuelan waters. Two additional warships will join them as soon as they can make the trip across the Atlantic. Until the demonstration has been initiated the French government will share with President Roosevelt and Secretary Root the knowledge of the exact form which this expression of displeasure at President Castro's action will take.

Meantime the delicacy of the situation at Caracas is greatly increased by news that has recently reached here from the Venezuelan capital regarding the attitude President Castro now appears to be assuming toward Mr. Russell, the American minister. Unless this attitude is radically modified it may be necessary to dispatch an American warship even nearer the Venezuelan coast than has already been planned. President Castro, it is said, will be given to understand that any treatment of an American representative such as that accorded M. Taigny will not be tolerated by the Washington government. The only cause which can be assigned here for President Castro's coolness toward Mr. Russell is that the former insists upon regarding as personal rather than official the efforts which Mr. Russell, acting under instructions from Washington, has made to assist a peaceful settlement of the Franco-Venezuelan troubles. The request of the French government that its interests in Venezuela be looked after by Mr. Russell was immediately granted for the reason that such a request is invariably granted by a friendly power, however difficult the task.

Adopts a Simple Programme.

France has adopted a simple programme for her treatment of the Venezuelan situation. It provides for an immediate and comprehensive apology by President Castro for his treatment of M. Taigny, which treatment the Paris officials regard as "insulting" and "intolerable." Until this apology is made discussion of the claims and other grievances which France has against Venezuela will be withheld.

The French government regards the action of President Castro's agents in La Guayra in refusing to permit M. Taigny to return ashore after he had boarded a French liner as an act of war. France demands that her representative shall receive the same treatment at Caracas as is given the Venezuelan representative at Paris.

Up to a late hour at night the French embassy here was without any advice from Caracas or Paris, but information regarding the whereabouts of the French warships and their itinerary is momentarily expected.

It now appears that three important dispatches containing instructions for M. Taigny never reached him and the supposition is that they were intercepted by the Venezuelan government. This is regarded as a very serious phase of the situation and will be thoroughly investigated by Mr. Russell. Care also will be taken to insure the delivery without interception of all dispatches to Mr. Russell.

One dispatch sent Mr. Russell last Sunday had not been delivered to him up to the time the last dispatch was sent by him to the state department. This is being inquired into by the state department.

Whether the French squadron will content itself for the present with a peaceful blockade or will go to the extent of seizing a custom house is not known. Should the latter step be taken it is probable that a neutral power would be asked to receive all customs dues collected that the powers having claims against Venezuela which are now undergoing settlement may not be made anxious by the French demonstration.

It can be announced that a French demonstration in Venezuelan waters under the circumstances will be viewed here with complacency.

Japan May Accept Christianity.

New York, Jan. 20.—Current events indicate the coming acceptance of Christianity by Japan as one of the fruits of the recent war, according to the annual report of the American Tract society, which has just been made public.

ARRAIGN THE GOVERNMENT.

Attorneys for the Packers Submit Arguments in Court.

Chicago, Jan. 20.—Attorneys for the packers arraigned the government sharply during the day for the policy they declared it had pursued through Commissioner of Corporations Garfield in the investigation of the charges against the packers. Attorney John S. Miller declared that Commissioner Garfield had said in the presence of witnesses that if he was allowed to obtain evidence from the books of the packers he would consider the evidence so gained to be the same as if it had been developed before him in a formal hearing. Mr. Miller declared that he would prove this by Commissioner Garfield, if the commissioner would take the stand.

Mr. Miller contended that under a proper construction of the law there could be no doubt that the packers were entitled to immunity because of their action in turning over to the commissioner all the information which he sought.

Commissioner Garfield would make no comment on the remarks of Attorney Miller, declaring that he might be a witness in the case later on and that it would not be proper for him to discuss it before he was called to the stand.

NO MERCY IN CHICAGO.

Young and Old Alike Sent to Prison for Life.

Chicago, Jan. 20.—The law laid an iron hand during the day on offenders of the class who have terrorized Chicago recently by their armed hold-ups and attacks on women. In one case an octogenarian in spite of the plea of his attorneys that his life race was nearly run, was sentenced to ninety-nine years in the penitentiary. In another case three youths under nineteen years of age were sentenced to prison for life after having been convicted of an armed robbery.

No mercy because of his great age was shown Nicholas Holland, when he was found guilty of attacking a little girl. Although eighty-six years of age he was given a sentence that, if he could live that long, would free him from prison at the age of 185.

Peter Brady, Joseph Hase and Lawrence Roscoe were the youths sentenced to the penitentiary for life. The life sentence was inflicted under that portion of the statute which provides such imprisonment when revolvers are carried in such attacks. The three boys were convicted of eight robberies in one night. The largest amount of money secured by them as booty was one dollar.

LIKELY TO GO UNPUNISHED.

Senate Committee Not Disposed to Make a "Martyr" of Bigelow.

Washington, Jan. 20.—The senate committee on interoceanic canals has decided to postpone until next week consideration of the recalculation of Poulitney Bigelow. Before the meeting several members said they had slept over the case and are now disposed not to make a "martyr" of a witness "whose testimony appeared to be of too little value to dignify his conduct with summary punishment."

It is believed he will go unpunished.

The committee held an executive session of two hours. Senator Hopkins offered a resolution certifying Mr. Bigelow's contumacy to the vice president for action in the courts and asked that it be adopted. Several Democratic senators opposed this course and Senator Simmons addressed the committee at length. He declared that it was an extraordinary penalty that was proposed and contrary to common law.

After further discussion Mr. Hopkins withdrew his resolution.

DOZEN NEGROES ARRESTED.

Suspected of Knowing Something About Allison Murder.

Morristown, N. J., Jan. 20.—More than a dozen negroes have been arrested on suspicion of knowing something about the death of Miss Florence Allison, who was found Thursday in a stable on the farm of Mrs. Edward Strawbridge. The negro who is suspected of having committed the crime is described as having worn a long coat and a slouch hat, and every colored man taken into custody during the day was so attired.

Bessie Walker, the five-year-old ward of Mrs. Strawbridge, and who was the only one who saw the colored man robbing the house after he had killed the woman, was taken to several near-by towns and to Philadelphia to look at suspected men. In each case, however, she was unable to identify the prisoner as the assailant.

IN FAVOR OF BELGIUM ARMS.

Proposal Submitted to Delegates to Moroccan Conference.

Algiers, Jan. 20.—Baron Joostens, the Belgian minister to Spain, who is one of the delegates to the Moroccan conference, presented to the other delegates at night a written proposal that expensive arms not intended for military use be allowed to enter Morocco, as otherwise the Belgian arms factories would suffer severe losses.

HEPBURN RATE BILL

REPUBLICAN MEMBERS OF HOUSE

COMMERCE COMMITTEE HOLD CONFERENCE ON IT.

AGREE UPON PHRASEOLOGY

PROVISION REGARDING RATE TO

BE FIXED BY THE COMMISSION IS CHANGED.

Washington, Jan. 20.—The Republican members of the house committee on interstate and foreign commerce held a caucus at the Capitol at night at which the Hepburn rate bill was discussed at considerable length. The bill, it is believed, will be reported to the house next week in slightly modified form. Senator Dolliver of Iowa attended the conference and joined with the representatives in reviewing the provisions of the measure. The caucus was held in Mr. Hepburn's committee room.

The caucus reached an agreement on the provision regarding the phraseology to be used in defining the rate which may be fixed by the commission. This will provide for a "just, reasonable and fairly remunerative rate, which shall be the maximum that may be charged," by the carrier. This language shifts the position of the word "maximum" in some way by which the Republicans hope to meet the opposition of the Democratic members, who held that its original position in the bill left room for ambiguity on the general question of the reasonableness of rates. Various sections relating to notices, changes of venue, etc., also were considered and changes in phraseology made. Although the probability is that the bill will be reported to the house next week, another caucus of the Republican members followed by a meeting of the full committee is likely before this is done.

REFORM IN APPROPRIATIONS.

Occupies the Attention of the House of Representatives.

Washington, Jan. 20.—Reform in the matter of making deficiency appropriations agitated the house during the day and the entire time of the five and a quarter hours' session was devoted to its discussion with the exception of a short speech for free hides by Mr. Perkins of New York.

The urgent deficiency appropriation bill was considered under the general debate order and Mr. Littauer of New York, in charge of the bill, set the pace by pointing out the failure of the legislation of last year to curb heads of departments in their demands for deficiency supplies. He explained the more stringent measures recommended in the bill and said that several requests for money had been refused by the committee.

The one specific illustration of the need for reform which was cited was the appropriation of \$2,615 for a portrait of ex-Attorney General Knox, which Attorney General Moody had paid out of the contingent fund of the department of justice and for which the bill would make reimbursement.

Under the new limitations this use of the contingent fund will not be permitted. This view of the case was acquiesced in by Mr. Brundage of Arkansas, Mr. Livingston of Georgia and Mr. Fitzgerald of New York, all minority members of the appropriations committee. Mr. Burton of Ohio concluded the debate for the day with general observations on the necessity of closer guard of the expenditure of the revenues of the government.

PROPOSITION OF COAL MINERS.

Will Be for an Increase in Their Wages.

Indianapolis, Jan. 20.—An increase in the wages of coal miners equivalent to the reduction accepted by the United Mine Workers in the joint conference of 1904, is the proposition which the miners are expected to defend in the conference with the operators to convene here Tuesday.

While none of the operators will talk for publication at this time, it is evident that their position will be that, while they have enjoyed some degree of prosperity within the past ten months, their receipts have been nothing like what the miners believe them to be, and that an increase of about 7 per cent is the best they can do. This would bring wages back to what they were when the existing agreement was made, the higher rate being a necessary advance over the 5.55 per cent reduction to adjust the difference made by the lower base.

Rebels Enter Quito.

NO BLOODSHED EXPECTED.

Anniversary of "Red Sunday" to Be Quietly Observed in Russia.

St. Petersburg, Jan. 20.—There is little prospect of any disorder Monday, though the revolutionist labor organizations and a vast mass of the laborers of Russia are determined to honor the memory of the ill-starred followers of Father Gapon by the cessation of work and pleasure on the anniversary of their death.

"The anniversary of 'Red Sunday' will be observed as a day of mourning and not of strife," said a leading member of the revolutionist committee. He disclaimed all idea of a collision with the troops, who he said after the events of Moscow and elsewhere must be considered as loyal to the government.

"In view of the preparedness of the government and its evident desire to provoke a conflict," he continued, "we

even have decided to abstain from peaceful demonstrations, to remain at home and to manifest our sympathy only by draping our windows in black. We have assurances that fully half the proletariat in St. Petersburg will cease work, including the electric lighting operatives, though the printers and many others say they prefer to devote their earnings for the day to the benefit of the widows and orphans of the slain."

A dispatch from Moscow says that no bloodshed is expected there.

Senator Depew Ill.

New York, Jan. 20.—Senator Chauncey M. Depew, whose health is said to be impaired, was in consultation during the day with several physicians and it was announced that he had cancelled all his social engagements.

ITASCA TO BE DIVIDED
And International Falls May Become New County Seat When M. & I. Run Through To Boundary
The following from the Minneapolis Journal will be of interest:
"Itasca county will vote on a proposition for division of the county this fall. The north half of the county, comprising the Rainy lake region and the section along the Minnesota & International, wants to go it alone.
"C. W. Stratton of International Falls was in Minneapolis today and left this afternoon for home, where he will begin the circulation of a petition. If this petition is signed by 25 per cent of the voters of the county, it will be filed and the governor will issue a proclamation submitting it at the general election.
"The new county is to be named Koochiching, and its county seat is to be International Falls, the booming town on the banks of the Rainy, which has one of the greatest water powers in the world, and next year will be the terminus of two railroad systems.
"The line of division is agreed on. It will run between townships 62 and 63, in the ranges numbered between 150 and 151 in the ranges numbered from the fifth. The county is too large and division is inevitable. Kippie, the present terminus of the Minnesota & International, would like to be the county seat, and may oppose the petition, but International Falls expects to win.
"We have a fine site set apart for the courthouse, said Mr. Stanton today, and there is every reason for making the seat of government at International Falls. We have the Canadian Northern now, and next year we will have the Minnesota & International and the Duluth, Virginia & Rainy River. With such railroad facilities our great resources and our magnificent water power, we will soon have a thriving city. Our present growth is remarkable."
Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

IT IS A VERY SERIOUS OFFENSE

If Right Men are Caught in Con-
nection with Merrifield Rob-
bery it will

GO PRETTY HARD WITH THEM

For it is More Than Likely That
The Government will Take a
Hand in Affair

Nathan Noile, postoffice inspector, was in the city today and when told that Sheriff Erickson had arrested Ed. Bedour, charged with being implicated in the Merrifield postoffice robbery two years ago, he stated that if there is a case against Bedour at all that it will go pretty hard with him, for it is one of the gravest of offenses to hold up and rob a postmaster, and one for which the government officials extend no leniency.

Mr. Noile stated that if it can be proven that Bedour was the one who committed this depredation or had anything to do with it, it is not at all unlikely that he would get a life sentence. The inspector also stated that there is a reward for the capture of men who commit such offenses.

HARALD HEIDE CONCERT

Given at the Norwegian-Danish Lutheran Church Last Night was an Event of Great Interest Musically

Not for many years has there been anyone in Brainerd who could even be spoken of in the same breath with Harald Heide, the Norwegian violinist, when compared as a violinist. His program at the Norwegian-Danish Lutheran church last evening was one of interest, being varied and yet carefully chosen. His playing showed the art of interpreting his numbers in a most delightful manner and the praise given him elsewhere was none too great. The first two numbers were Polonaise de Concert and Legende, by Wisniawsky, the last number of the group being one of the best given on the program. The purity of his tones in this number and the great power of expression was marvelous and he was given a rousing round of applause at its conclusion. He responded graciously to the encore. His "Ave Maria" would be worth going miles to hear. The program wound up with several Norwegian Folk songs, which stirred the hearts of the natives of Norway. The concert was one of the best ever heard in Brainerd and critics who were there expressed themselves that no greater virtuoso had ever been heard in the city. Mrs. J. C. Atherton accompanied Mr. Heide on the piano.

There is already a movement on foot to get another date for Heide in this city. He would certainly draw a big house.

BRAINERD MILL MAY BOOM AGIAN

Mayor O'Brien Received Important Telephone Message From Minneapolis this Noon

MEETING FOR MONDAY NIGHT

At the Commercial Club Rooms To Consider a Proposition To be Submitted

Mayor Con O'Brien this afternoon received a telephone communication from F. E. Satterne, of Minneapolis, putting the question at him, "what are the business men of Brainerd willing to do for us if we operate the Brainerd mill for four years?"

It might be stated this is the man who was here for two or three days this week negotiating with Supt. G. H. Cook.

Mayor O'Brien takes this means of calling a meeting of the business men and the Commercial Club on Monday evening at the club rooms to consider the matter. Every business man in Brainerd is expected to be present.

R. H. McLaskey Here in Interest of His Son Who Has Some Iron Ore Land

R. H. McLaskey, of Minneapolis, is in the city today. He has been here for a day or two fixing up some papers in connection with some land which his son, who is Alderman McLaskey, of Minneapolis, owns on the Cuyuna range. Mr. McLaskey senior, had not been in Brainerd up to now for 33 years. At that time he went from Brainerd by team to the Red Lake country and he is sure that there was nothing like that strip of country as a jungle in the world.

TO SUCCEED GRISCOM

GOVERNOR GENERAL WRIGHT OF THE PHILIPPINES TO BE AMBASSADOR TO JAPAN.

IDE WILL BE HIS SUCCESSOR

VERMONT MAN WILL BE GOVERNOR OF THE ISLANDS UNTIL FIRST OF NEXT JUNE.

Washington, Jan. 20.—Luke E. Wright of Tennessee, governor general of the Philippines, is to be the first ambassador to Japan if the senate approves the nomination which will be sent in by the president shortly. Governor General Wright will be succeeded in office at Manila, first by Henry C. Ide of Vermont, the senior member of the commission and vice governor and at present acting governor general while Governor General Wright is on leave of absence in this country. When Mr. Ide returns on June 1, James F. Smith of California, a member of the Philippine commission, will succeed to the office of governor general.

Governor General Wright tendered his resignation as governor general of the Philippines several months ago, indicating his desire to retire from the Philippine service by the first of the present year. President Roosevelt and Secretary Taft recognized his reasons for retirement from the Philippines as good and he was offered the American ambassadorship to Japan. It is understood the Japanese government has indicated its willingness to accept Governor Wright as ambassador and his appointment to the new post shortly will go to the senate.

Governor General Wright will succeed at Tokio Lloyd C. Griscom, who was promoted from American minister at that place to be American ambassador at Rio Janeiro. Mr. Griscom is at present on leave of absence in this country.

CHARGES OF INDIFFERENCE.

Made Against American Officials in Porto Rico.

Washington, Jan. 20.—Some broad charges as to the indifference of American officials in Porto Rico to the wishes of Porto Ricans were made by Mayor Robert O. Todd of San Juan in a hearing before the house committee on insular affairs on the proposed bill to reorganize the insular government. Mayor Todd charged that the six American members of the executive council, who are also the heads of the departments of the insular government, do not consult the five native members of the body and do not even invite them to meetings of the council. This body is both executive and legislative in its functions and stands in the relation of a senate to the house of delegates of Porto Rico. Under the present government organization the eleven members of this body are appointed by the president of the United States and it is required that only five of them shall be Porto Ricans. Consequently the natives insist their representation is wholly inadequate and they desire they be granted a senate to be elected wholly by the people instead of the council.

ELEVATED TRAIN WRECKED.

One Passenger Killed and a Dozen Persons Injured.

New York, Jan. 20.—The middle coach of a three-car elevated train on the Cypress Hill branch of the Brooklyn Rapid Transit company was derailed during the day at an "untrolled" switch and plunged thirty feet from the overhead structure to a vacant lot. The forward end of the car struck a boulder and was split from end to end, collapsing into a mass of wreckage.

Of the twelve passengers who went down with the car, one was killed and the others seriously injured. A guard was so badly injured that he is not expected to live.

The accident was almost a repetition of the elevated railway wreck at Ninth avenue and Fifty-third street, Manhattan, last summer, when several persons lost their lives. After the first car had passed over the switch it was jolted open. Derailment of the middle car and the crash to the vacant lot below followed.

Simon C. Wilson, sixty-three years of age, a Brooklyn real estate dealer, was the passenger killed.

FATAL TRAIN WRECK.

Two Men Instantly Killed and Another Fatally Scalded.

Atlanta, Ga., Jan. 20.—Two men were instantly killed, another is missing, believed to be under the wreck, and a fourth was fatally scalded as the result of a head-on collision between a northbound through freight and a switch engine on the Seaboard Air Line railway near Milledgeville, a small station about eight miles from Atlanta.

Did Not Know It Was Loaded.

La Crosse, Wis., Jan. 20.—Dressing for a masked ball, John Petasky, arrayed as a cowboy, shot and killed Felix Wargin at night. When about to go to the dance Petasky pulled a 38-caliber gun from his belt and pointing it at Wargin, fired. The police are investigating the affair. Petasky says he did not know the gun was loaded.

AFFECTS RETAIL TRADE.

But Mild Weather Favors Activity in Other Lines.

New York, Jan. 20.—Bradstreet's weekly review of trade says mild weather continues a source of complaint by affecting retail trade, collections and some re-order business from wholesalers, but compensations are found in continued activity in outdoor industry, practically unchecked building operations, better than ordinary midwinter transportation conditions and uninterrupted progress in all manufacturing lines, particularly iron and steel. Spring trade prospect continues as favorable as heretofore, there is considerable looking around shipments on earlier orders are heavy, and the feeling favors an earlier than ordinary opening of wholesale operations in dry goods, millinery, shoes and kindred lines. Building materials were apparently never so active before at this state of the season. Most staple products display notable strength for a midwinter season. Bank clearings again break all records for the week. Money is easier at nearly all markets. Summed up, there is undiminished confidence in an immense if not, indeed, record business for six months at least.

Colored Fighter Easily Beats the Man From Boston.

San Francisco, Jan. 20.—Joe Gans, rejuvenated, put up the fight of his life here at night and knocked out Mike (Twin) Sullivan of Boston in the fifth round. The issue was hardly in doubt from the first round. Gans was always the aggressor and kept right on top of his man. Sullivan made several brave rallies, but he could not hurt the colored man, and finally in the fifth round a series of right-hand blows to the jaw ended Sullivan's aspirations and put Gans once more at the top of the fighting heap.
